WOODSTOCK, IL 60098

RFP 21-4010
Windam Cove Pollinator
Habitat Restoration Project

Submissions will be accepted until *August 12, 2021 no later than 9:00 A.M. (CST)*

Additions and Clarifications

Question 1: Is there a cost estimate/range available for this project, if so, would you please forward it to me? Is there an engineer's estimate or budget available for the above project?

Response 1: Budget information is not available at this time.

Question 2: Has an anticipated start or end date been set for construction?

Response 2: MCDOT would like work completed by the end of 2021

Question 3: Is there a specific grading plan to follow?

Response 3: MCDOT has not developed a grading plan for the property.

Question 4: Are the low areas to remain? Or should they be backfilled to create a level lot?

Response 4: MCDOT has not developed a grading plan for the property.

Question 5: Is there a set amount or allocation of hours we should be aware of for the training portion of the project?

Response 5: There is no set amount of hours for training. We are interested in having MCDOT staff join the contractor during site prep, planting, and maintenance activities to learn about the process.
