

# OFFICIAL McHENRY COUNTY ROAD MAP

Published by THE COUNTY MAP COMPANY WOODSTOCK, ILLINOIS

Copyright 1988

This map contains the countywide house number pattern, in red numbers, designated officially by the County Board of Supervisors. The east-west base line is at the center of the county and the north-south base line is at the Lake-McHenry County line. Each mile out from the base line is designated by a 1,000 number and each tenth mile is a 100 number. Thus a number 8816 is 8.8 miles from the base line.
