

# Fiscal Year 2011/2012 Budget Highlights and Goals

## CORONER

### **FY2011 Highlights**

- Our case load continues to increase due to more of the population being out of work and not being able to afford medical treatment,
- We are continuing to work with law enforcement and drug addiction agencies to decrease the death caused by drug abuse.
- We have joined with the Suicide Prevention Task Force to try to reduce the number of suicides.
- Speaking to Civic and Community service groups to acquaint them with the workings of the Coroner's Office

### **FY2012 Goals**

- We are continuing our plea to State Legislators to enact legislation so that unused, sealed, medications recovered at death scenes may be recycled and distributed from a clearing house to those who cannot otherwise afford medications.
- Educate the High School and Government classes on the workings of the Coroner's Office while addressing the dangers of drug and alcohol abuse, thus, hopefully preventing more alcohol and drug related deaths.
- Keeping staff up to date with the latest trends in the field of Forensics through continuing education programs.

**Fiscal Year 2011/2012 Budget  
Highlights and Goals**

A large, empty rectangular box with a thin black border, occupying the upper half of the page. It is intended for the user to input budget highlights and goals.
