The serviced customer shall make payment for any collection of white goods directly to the CONTRACTOR, and collection of such fees shall be the sole responsibility of the CONTRACTOR.

Special Collections

The CONTRACTOR shall offer a special curbside collection service for large quantities of refuse that exceeds the one (1) bulk item per week including, but not limited to household construction and demolition debris, and move-in or move-out clean-up rubbish. The CONTRACTOR shall specify the minimum cubic yardage of refuse necessary for the collection to be considered a special collection. Items, which are less in total than the minimum requirements, shall be considered bulk materials for collection and disposal purposes. The CONTRACTOR shall advise the resident directly of the terms of such collection; i.e. what materials will be collected, how the materials should be prepared, the date of collection, the policy on furnishing advance estimates of charges, and the like. Such services shall be by advance arrangements with the CONTRACTOR at the customer's request for an additional charge. The serviced customer shall make payment for any special collection directly to the CONTRACTOR, and collection of such fees shall be the sole responsibility of the CONTRACTOR.

The CONTRACTOR at the request of the County shall also, collect quantities of refuse, debris or yard waste left at the curb in unusual circumstances, i.e. evictions or "skip-outs" and shall bill the property owner for such costs during the term of the contract.

Dumpster Rental and Pick Up Service

The CONTRACTOR shall also offer dumpster rental and pick-up service for serviced dwelling units with household remodeling and repair projects that generate large quantities of construction and demolition debris which cannot be easily picked up at the curbside. The terms of, as well as charges and payment for, this service shall be arranged solely between the CONTRACTOR and the serviced customer. The serviced customer shall make payment for any dumpster rental and pick up service directly to the CONTRACTOR, and collection of such fees shall be the sole responsibility of the CONTRACTOR.

For circumstances where a serviced customer has special needs (i.e. disabled, elderly, etc.) and requests special service to the CONTRACTOR, it is encouraged the CONTRACTOR should make reasonable arrangements for servicing the customers with special needs.

The County shall allow other licensed municipal waste haulers' specialty services to provide services for specific waste streams. These specialty services would typically include the use of dumpsters or roll-offs for specific waste streams that may include commercial accounts for roll-offs for companies that may have construction/demolition or roofing projects, document destruction services or landscaping companies that remove landscape waste as part of their lawn maintenance in the exclusive service contract areas. The County will not allow another licensed municipal waste hauler to provide dumpsters or roll-offs to residents in the exclusive service contract areas for their regular garbage/rubbish, recyclables or landscape waste that would typically be removed via curbside collection by the CONTRACTOR.
